Customer Reviews

Isabel and Emily Lluch have also written the best-selling teen titles, *The Fabulous Book of Me* and *BFF*. They live in San Diego, California.

My daughter is 8 and very interested in the changes that are going to be happening to her body. She has had lots of questions lately. She is at about a 9th grade reading level at this point and reading things like *Little Women*, so I got her this book. It is about at a 5th or 6th grade reading

level. She had read it 3 times and it explains things in very simple, concise terms, then gives little situations about the subjects discussed as real life examples she may face. She loves it and says she feels much more comfortable. She has also been able to come to me with more developed and detailed questions about growing up because she had better basics.

I bought this for a friend's daughter who was having hygiene issues and it has helped her a lot. She now understands how her body has changed.
