The CD that comes with this book is not very helpful; the keyboard and drums in the songs are so loud that sometimes you can't even hear the guitar strums in the song. But at least I really like the songs in the book.

Some very nice songs, but not that many really great compositions. The Hal Leonard play-along feature is GREAT!

I just started taking guitar lessons and I found it boring to practice. Practicing with the accompanying CD makes practicing fun. It makes you feel like a professional.

Bought it for someone else.

I love this book.

great

great

I'm still learning how to play guitar so haven't really worked with this book much yet. It looks to be simple enough for a beginner as long as you know your chord basics. I look forward to being able to play these much loved worship songs!!!
