Customer Reviews

"I like the step-by-step writing instruction. It makes it so much simpler for us language arts teachers! It's all here in one book! I have used your Write Source book with middle school students since your first edition and found great success. Parents love it as a resource, too! You have found a need and filled it!"

I like it. Useful

I used this for my two middle school children last year, and it provided an excellent review of the grammar and punctuation rules they have been learning throughout their school years. Because it is designed for classroom use, you will need to purchase a teachers edition to check the answers. Not terribly expensive, however; and I was able to resell the teachers edition on .com very quickly and easily! This is an excellent "one page a day" review. Pretty painless, and it reviews many important topics necessary for quality writing. I recommend it for the students in the writing class that I teach.
