The Alps offer some of the most spectacular scenery in Europe--and some of the finest hiking opportunities, from the shadow of the Matterhorn to the idyllic vineyard country of Kahlenberg, Austria. Here is the first complete guide to outdoor recreation opportunities in all the Alpine countries, outlining 43 of the best walks for the seasoned traveler or the casual day-hiker. The trails are all conveniently reached from the principal cities of the Alps: Chamonix, Geneva, Zermatt, Interlaken, Zürich, Munich, Garmisch, Ljubljana, Salzburg, Vienna, Vaduz, Verona, Bolzano, Innsbruck, and Milan. Both a general travel guide and a trail guide, *Adventuring in the Alps* features:

- Complete trail descriptions and maps for each walk, with grading by difficulty, distance, and walking time
- Information on local transportation and lodging, including booking offices, huts, hostels, inns, hotels, campgrounds, and ski resorts
- Tips on hiking, winter walking, and ski touring
- Descriptions of geography, natural history, and climate
- Suggestions for what to take and wear
- Special points of interest, including restaurants, architectural attractions, and entertainment
- Passport, visa, and customs requirements
- Notes on the best maps and guidebooks to take along
- Directory of national tourist offices in the United States and Canada

This compilation of the best hiking trails in the Alps will give readers plenty of ideas for planning an unforgettable vacation filled with scenic beauty. All aspects of the trip are covered including accommodations, what to bring along, equipment and locale information. A vast list of tourist resources is also included. Although targeted towards Americans, this book is handy for any nationality. The reason I deducted a star is due to the fact that some of the information is outdated. Nevertheless, I highly recommend this book to anyone seeking to enjoy the wondrous beauty of the Alps.
