Barron's ASVAB, 11th Edition

Synopsis

The ASVAB is the qualifying test required for recruits entering all branches of the U.S. Armed Forces, as well as current service members who want to raise their score to qualify for more exclusive specialties or officer training. This comprehensive test preparation guide includes:

- A diagnostic ASVAB to identify areas needing improvement
- Four full-length practice exams with all questions answered
- Reviews of all ASVAB Subtest areas: word knowledge, paragraph comprehension, math knowledge and reasoning, general science, electronics, and basic mechanical comprehension, and shop and automotive information
- Tips for doing well on the "assembling objects" subtest
- Guide to analyzing test scores and on practice tests and understanding how they relate to potential military occupational fields

The manual can be purchased alone or with an enclosed CD-ROM that includes two additional practice tests.

BONUS ONLINE PRACTICE TEST: Students who purchase this book or package will also get FREE access to one additional full-length online ASVAB test with all questions answered and explained.

Terry Duran has more than 30 years of military and freelance writing experience. A former Officer Candidate School instructor, he is the author of the Barron's ASVAB test preparation book, Pass Key to the ASVAB, ASVAB Flash Cards, and Military Flight Aptitude Tests, as well as numerous newspaper and magazine articles.

Very detail orientated and thorough explanation of the concepts. Every explanation is followed by the practice problems immediately. This helped me a lot in checking and backtracking my weak points, especially in technical topics. One thing I would have loved to see was some flash cards for science section like the one in Kaplan. Overall very good beginners book. Definitely recommend for anyone who wants to do good in asvab. Go for it.

Book was easy reading, aided successful completion of ASVAB with scores above 60

would have been better with the software but still a great read for life skills, testing and training preparation

I got this for my boyfriend now we're both studying because it'll help me with college entrance exams as much as helping him with the advantage.

ok

Great book, shows significant improvement on your asvab score

Easy to use and helpful guide,

good
