Ed Sheeran: A+ The Unauthorized Biography

Synopsis

Ed Sheeran is the Grammy-winning singer-songwriter with a tiny guitar and huge talent! From Sheeran's bohemian childhood to international stardom, read exclusive interviews with friends, relatives, musical collaborators, and key figures in his rise to success. The Grammy-nominated singer has toured with Taylor Swift, has performed with Elton John at the Grammys, and is just getting started! This biography details how Britain's hottest music star made his mark on the music industry playing by his own set of independent rules. David Nolan is an award-winning journalist with biographies on subjects ranging from Simon Cowell to the Sex Pistols.

Love this book and brand new.

Love this!

great gift for my 14 yr old

Christmas gift for my daughter - but browsing through, I think I'll be reading it after her.

Great book!

My daughter loves Ed Sheeran and loves to read so win, win.

I knew nothing about this musician but got this book hoping for a light read about a creative who is highly esteemed. The book is written in an engaging light style. The author doesn't seem to have an agenda; that is he doesn't support Sheeran's career for some undisclosed monetary, political, or philosophical reason. The narrative is very straightforward, carrying the reader along on a brisk journey through Sheeran's early life and the advent of his massive song writing career. My only criticism is that I did not really glean any insight into how he became so creatively successful besides that he was raised in a creative family and in a creative part of England. But maybe that is just the nature of genius. It remains a mystery despite close observation.

I consider myself a good fan of Ed, but not obsessed. I enjoy acoustic rock, so he fits well into my vibe. As he becomes even more popular with consistent good albums, my interest builds with his lyrics. Since this is an unauthorized collection of facts and finds, it does not have a personal tone. So hearing about song lyric inspirations and experiences are not trusted until he writes it himself. But it is full of information from where he was born and raised, and how he became who he is. And touches on what he might have been. It's an okay read for the casual fan that wants to know a bit more. Die-hard fans might be bored, but will still get for their collection.
