Edgar Cayce: The Sleeping Prophet

Synopsis

This fascinating biography, written by one of the country's foremost authorities on metaphysics, reached the No. 1 spot on the New York Times bestseller list. The Edgar Cayce story is one of the most compelling in inspirational literature. For more than forty years, the "Sleeping Prophet" closed his eyes, entered into an altered state of consciousness, and spoke to the very heart and spirit of humankind on subjects such as health, healing, dreams, prophecy, meditation, and reincarnation. His more than 14,000 readings are preserved at the Association for Research and Enlightenment, Inc., in Virginia Beach, Virginia.

Customer Reviews

"Perhaps Mr. Stearn's greatest achievement . . . is that he has given his subject such universality. The reader is left with the firm conviction, not that Edgar Cayce was a unique 'odd-man-out,' but that he spoke for the sleeping prophet that lies dormant in every human being." -- Noel Langley The life and story of Edgar Cayce is one of the most compelling in metaphysical literature. For more than forty years, the "Sleeping Prophet" closed his eyes, entered into an altered state of consciousness, and spoke to the very heart and spirit of humankind on subjects such as health, healing, dreams, prophecy, meditation, and reincarnation. Now in a 30th Anniversary Special Edition printing, Edgar Cayce: The Sleeping Prophet is a fascinating biography that will hold the reader spellbound and leaving him or her in wonder at the potential of humankind. -- Midwest Book Review --This text refers to an out of print or unavailable edition of this title.

Dare we believe in prophecies? A native of Kentucky with a ninth grade education, Edgar Cayce accurately predicted two world wars, including the years they began and ended, racial strife in America, the death of John F. Kennedy and hundreds of other recorded events. He could apparently travel in time and space to treat the ill, and dispense information that led to innumerable cures where traditional medicine was useless. The first to introduce many Americans to the concept of reincarnation, Cayce drew on a subconscious Universal Mind for starting information about past and future. In *The Sleeping Prophet*, Jess Stearn presents the extraordinary story of Cayce's life, his healings, his prophecies, and his powerful legacy. --This text refers to an out of print or unavailable edition of this title.

A very interesting book about a very interesting Man (Edgar Cayce) and his legacy. Jess Stearn was an excellent investigative reporter, although this work here borders on "sensationalism" in my opinion. I think Sugrue's book, "There is a River" is probably a better book as a primer to the life of Edgar Cayce.

This was a very, very interesting read. I caught a Cayce special on A&E and became interested. After looking around, this book seemed to contain the most information. It's a great collection from early life until death and even contains some medical readings and advice. I will admit that going back and trying to find something is very difficult b/c the chapters are long and there is no index. For more specific medical advice and categorizing I bought *The Edgar Cayce Encyclopedia of Healing*.

Couldn't find my old copy & wanted replacement. This book & others about Edgar Cayce made a profound difference in my mind/heart after loss of babies. Comforted me during a tumultuous time of my life.

If you have never read *The Sleeping Prophet*, you're in for a real treat. Edgar Casey's ability to heal people from far-off distances is nearly unbelievable except that it is well documented. He was a seriously religious man and read the Bible from cover to cover 14 times by the time he was 14 years of age. When he put himself to sleep using self hypnosis, he never remembered what the voice said that came out of him. Somebody had to take notes, And without those notes he would never have believed that he could heal people because he had no medical training. The voice that came out of Edgar Casey said that all of us have this ability, but we do not know how to access it. Edgar Casey's

own speaking voice was different from the voice that spoke when he was under self hypnosis.

I bought this as a gift for someone. I read it years ago and really liked it.

This is the hard copy of the paperback I bought in the early 1970's. It has interesting story's about people's lives that sought out health problems with Edgar Cayce. He also made prediction's to changes on Earth of the Earth and warnings as well.

It was a gift and that person loves it!

book was quite old but good reading
