PreS-Gr 2 A fuzzy, brown rabbit and a tiny notch-eared mouse plant tomato, carrot, and cabbage seeds and then wait for the plants to grow and produce. As they bide their time, the two sit in the rain, nap, and read books. Readers will notice the sky beginning to fill with birds, which the rabbit and mouse don't see until the fruits or vegetables of their labor are ready to eat. Then five winged creatures descend and look expectantly, in a priceless illustration, at the two farmers that try to protect their bounty from the intruders. A verbal argument and scuffle ensue until they all reach an understanding. After the seed of cooperation is planted among the seven characters, peace reigns and friendship grows. Nelson's charmingly realistic illustrations skillfully show the passage of time and humorously accurate emotions and body language. The textures

shown in the fur and feathers and the small details in the large oil on canvas paintings create images for study (and framing). The message, so clearly read in the illustrations, is a universal truth—•you reap what you sow and when shared with others, your joy will be magnified. VERDICT A timeless and delectable picture book choice. —•Maryann H. Owen, Children's Literature Specialist, Mt. Pleasant, WI

I order and read a lot of children's books to find ones suitable to support a curriculum of mindfulness, loving kindness, gratitude and connection to others. In all those books I come across a few real jewels; where the art is beautiful, the story is simply and clearly told, and the age level works for young children. This is one of those books. It doesn't try to say everything, but to say one thing very very well. I love this book. thank you Kadir Nelson. I hope you continue to produce other books with the same clear purpose and beauty.

Gorgeous illustrations and a sweet story with a message to read over and over again.

This book is absolutely priceless! The illustrations are vivid and speak volumes, even without words! Kadir Nelson has presented us with a wonderful story about the benefits of giving kindness. A beautiful lesson of sharing and kindness for our younger children. Not to mention adults who never learned the message of sharing & kindness!

This is such a wonderful book. It not only has gorgeous illustrations, but unlike most of the other books out there, this has a positive message of being kind, thoughtful and generous. It's story is easy to see and understand, and its message is clear. Great addition to our library!

The illustrations are fabulous. The message is simple and true without being heavy handed and moralistic. My bird-watcher husband thought the bird illustrations were remarkably authentic.

GREAT GREAT GREAT BOOK! The illustrations are absolutely beautiful and the small amount of

text really captures the creativity and importance of pictorial picture books (wordless).

A simple but important tale for children... And adults. Few words but lovely rendered illustrations that move the tale along so meaningfully.

Very cute way to drive home the concept of kindness to little ones.
