Customer Reviews

This is an okay book, the recipes fall very short of authentic polish cuisine. If you were brought up in a polish household this book will be foreign to your expectations. The use of cheddar cheese is not

common in polish cooking, specifically pieroge and hunter stew should contain game as the recipe name would lead you to believe. These recipes may appeal to the person not familiar with polish cuisine.

There are some really great sounding recipes found within this cookbook I have not tried any yet but I am looking forward to it. Thank you and enjoy your meal and enjoy your day.

Very small and could not find the recipe I was looking for.

Worst Cookbook Ever Poorly written, poorly researched, read like author is ESL or has been poorly translated from another language. There are far better available

Just ok

Foods Nana use to make !

Good!

Well even the picture aint polish meal. This is a collection of recipes from google indetified as Polish. Listen to me when I say there are better cookbooks about Polish cuisine.
