## **Customer Reviews**

Recipes look great but book is almost useless with out some third party app and some math to figure out what a serving size is. Also you should use a comma in place of a period for your macro numbers, stick to the system every other cook book on the market uses.

I am trying the slow cook method and I think it will work for me.

good recipes for anyone to read

Its a complete combination of the best of both worlds of slow-cooker ketogenic diet recipe, with tons of expositions on the science behind the ketogenic diet, helping one fully grasp the modalities behind the ketogenic diet recipes. This book contains a lot of important info and some delicious recipes that are necessary for our health. I liked that there is information about nutritional value per serving which makes the diet much easier.

I think this book lived up to my expectations. I've recently started heavy full-time work at the hospital and have found it difficult to set any time aside for my health and well-being in terms of what I eat. However, slow cooking has changed my situation a great deal, as I can set it in the morning, night or whenever and not have to worry about it until I come home hours later. Some really good advice, and the recipes are beginner-friendly! Thanks!

This book will give a result in your body shape within a very short period. The ketogenic eat less carbs was first used to treat epilepsy yet it was found it additionally caused weight reduction. Thanks author for creating us a new very important book for all of us. I just willing to suggest all of you to read this book everyone..

Some of the recipes look very good . The recipes fail to say how many servings or a portion size

which makes it very difficult to match nutrition macros and some side dish suggestions may not be Keto

This book will give a result in your body shape within a very short period. Excellent ketogenic slow cooker recipes book. Many Helpful tips and information about ketogenic slow cooking, 130 ketogenic recipes in this book, all are healthy and testy food recipes. Highly recommended to all.
