## Synopsis

Collects Amazing Spider-Man (2014) #9-15. It's the biggest Spider-event ever! When the evil Inheritors begin exterminating spider-characters throughout the multiverse, every single Spider-Man ever is needed to save the day! A spider-army gathers to fight Morlun and his deadly family, and the Superior Spider-Man intends to lead it! Our universe's amazing Spider-Man has an issue with that, but the army doesn't have time for this in-fighting as the Inheritors continue slaughtering Spider-totems left and right! As the first skirmishes unfold into all-out war, Miles Morales shows his stuff, Silk finds a valuable edge, and a surprising Spider-character makes the scene! When the Prophecy comes to fruition, every spider must fight -- and no spider is safe! But what does the Superior Spider-Man have up his sleeve? And what will the war's fallout mean for Peter Parker and the rest of the spiders?

## Customer Reviews

I could not wait to read this story. The anticipation building everyday from ordering to arrival. I was disappointed. Having heard so much about the first appearance of Spider-Gwen, the return of Peter Porker: The Spectacular Spider-Ham, but the story just did not capture me. Too much of the main

story happened in the tie-in books so that is what I would suggest getting, the more expensive Spider-Verse omnibus. Wish I had now.

If you want to read a spiderman story than pick this one it's start of the spider verse it extacy what you think and much more leaving you want to buy more trust me when reading this one I was just glued to this and the ending of it left me like WTF man I WANT more and just left me in my head With Great Powers Comes Great Responsibility and also you see some of the other Spider-Mans that you love from the other Demisons like 2099,noir and other AMAZING SPIDER MANS

Dan Slott finally sold me on his version of Spider-Man. I don't like some of the outcomes [particularly how he weakened some of SM's abilities], but he made a believer out of this old Spidey fan. Let's see if he somehow screws that up...

They really need to release all the other Spider-Verse related titles in paperback, but this collection of the main story is solid.

Awesome!
