I rented this book for a college class that I am taking this quarter. I have actually really enjoyed the book and found it very useful. It is not dry and boring as many would think a law textbook might be.

The examples and stories are relevant to anyone who has ever entered or even thought about entering into a contract. If you are thinking of starting a business, or even just wonder how different types of businesses and contracts work I would suggest this textbook as a great resource. In fact, I find it so useful that I plan to purchase it at the end of the quarter instead of returning it as a rental!

The textbook I received was covered in a past owner's notes and highlights; no missing pages. Worth the price.

Good book. Needed for college class. Book was in very good condition.

This is a review based on the content of the book. I really enjoyed reading this book. It was very informative, and the way that the information was delivered made it easy to fully understand. I do not know if it is just that I personally enjoy learning about this subject, but I did not find this book boring at all.

Good as I had expected.

great!! receive in 3days since in same state. Thanks

The book was a little damaged in the back, it almost looked like scissors went through it. I know I didn't do that because the packaging on top of it didn't have any holes in it. However, its just on the back so it's not a big deal
