It's hard to be too harsh about this book. First of all, there are very few books solely about Brittany and this book gives a nice overview of the area, including the history of Brittany. The photographs were lovely and gave a nice feeling for Brittany as well as some of the towns sprinkled throughout the region. There were maps for each section of Brittany that were very helpful in orienting one to that area. I found myself going back to this book often, even while I was there. However, it did not give a lot of practical information that one looks for in guide books, and the maps were not useful if

you were driving or looking for specific towns or villages. I arrived at a small town in Brittany from Paris and really wanted a map of France somewhere in the book, too. Some of the resources listed were limited, even in towns that had interesting smaller museums as well as several places to stay or places to eat. That being said, this was a much more useful book to read before the trip, in particular, than the Brittany & Normandy book by Lonely Planet and easier to navigate, so I was glad that I had purchased it.

This guide to Brittany is much like any other DK guide - great! I visited Quimper in Brittany many years ago for a month, and I wish I would have had this guide at the time. The quality of the descriptions and images for each town and region is top notch.

The premise of this travel book is that they focus on providing a lot of visual content for people who are more visual learners. But if I was relying on this for my only source of information about Brittany, I would be quite frustrated, as it is very difficult to find anything in this book (versus my Lonely Planet book). A nice book to purchase as a supplement, but don't rely on it as your primary destination guide.

I have bought several Bread products recently as I have started to make homemade bread. This product was reasonably priced and does an excellent job slicing our bread thick or thin. A buyer should not be fearful that this product is below par - very good product at a good price! Don't be afraid, just order the product and enjoy your bread. very fast, receive it next day, this price is valuable. will buy next time. she says it is very beautiful ,
