Hair (Leslie Patricelli Board Books)

Synopsis

Is Baby really ready for that first haircut? With the usual panache, Leslie Patricelli's one-haired wonder leads the way into another new experience. It's important to take care of your hair, even if you only have one! As Baby can tell you, that hair gets washed when it's dirty and brushed when it looks messy. But when it grows and grows, there's only one thing to do. This funny and reassuring look at a toddler rite of passage is ideal for little readers—especially those with a tiny bit of trepidation about that first haircut.

Customer Reviews

Patricelli's bold acrylics are as entertaining as ever in this warm and funny tribute to the messy everyday life of a tot. *Publishers Weekly* (starred review) Patricelli's vibrant art style is fully evident and on display here, with brightly hued acrylic paint backgrounds on each spread, chunky black outlines, and lots of smiles. A reassuring title to introduce toddlers to their hair and the upkeep required. *School Library Journal*

Leslie Patricelli is the creator of a series of best-selling board books starring her beloved (almost) bald baby as well as *Higher! Higher!*; *Faster! Faster!*; *Be Quiet, Mike!*; and two stories about the Patterson Puppies. She lives in Ketchum, Idaho.

I love all Leslie Patricelli books! As a speech language pathologist and mom to a language delayed child, her books are so great for explaining concepts or using for social stories. This book literally helped my son have a successful haircut recently after several unsuccessful trips to the hairdresser. I read this book to him right before going into the salon and then explained everything to him again once he was inside, and he did fabulous! Thank you for these books!

Such an adorable book. My 8 month old loves the colors.

Our toddler has always loved Leslie Patricelli books, so we decided to purchase this one. It's pretty entertaining and does a nice job of describing a first haircut, and why a child shouldn't be scared. The bright colors and fun drawings are standard quality for this author, and our kid loves to pick out this book from a pile.

This is such a fun book! Cute drawings and a great story about babies first haircut. Used it to help my daughter feel better about getting her hair cut. Love it!

Great book.

Great read. My 5 year old son has all Leslie Patricelli's books.

Our daughter loves it!

Love all of these books! So cute and our toddler is always bringing them to us to read!
