Customer Reviews

Book

Great Book.

Funny and true stuff written with great humor. Anyone who has been in the theatre would love it and relate to it. Great fun!!

Clever and amusing

I greatly enjoyed some of the nastiest reviews ever published, and laughed out loud at many of them. I think this book would appeal to anyone interested in the history of film or theater.

I hope for a bit more, just ok.

I've known about this book for many years and finally decided to try to find it online. Glad I did, and only wish there was a new edition that included reviews from more recent years.

Typical of the type of review found in this collection - Dame Diana was appearing on Broadway in a play (Troilus & Cressida, i think) that included a nude scene with her male co-star. (As i recall, it would have been near the end of the 1960s - '68 or '69, perhaps - when she would have been about thirty.) She reports that, after reading it, she was so deflated that she literally sneaked into the theatre before the next show and hid out in her dressing room until she absolutely *had* to go on. The offending comment? " ... Diana Rigg, who is built like a brick cathedral with insufficient flying buttresses ... "

The paperback book was in a very small format, 4" x 7" with small typeface on yellowed pages. It was difficult for a senior like me to read comfortably. Can't tell you about the content, as I can only read a little at a time under these circumstances. Sorry that I ordered this edition of the book.
