Marjorie Sarnat is the author and illustrator of Dover's bestselling Creative Cats Coloring Book and Owls Coloring Book as well as more than a dozen other books on art and creativity. The Chicago native is an award-winning mixed-media artist whose fanciful coloring book style evolved from her love of patterns, which she developed in the course of her work as a textile designer.

I own several coloring books by Majorie Sarnat including a couple in the Creative Haven line. I was really happy to pick up her new coloring book which is inspired by foxes. I really enjoy coloring foxes with their lovely fur, pointed noses, and large, fluffy tails. Ms. Sarnat's designs take advantage of all of this cuteness and takes coloring a fox to a new and imaginative level. As with her other coloring book designs, the 31 designs in this book are detailed with lots of swirls and twirls (though not with

extremely intricate and tiny elements to color.) There is simply so much to color and to spark my imagination. My current favorite is an homage to my days of learning to type "The quick brown fox jumps over the lazy dog". Long hours of practicing typing that phrase was never so much fun as coloring Ms. Sarnat's cute design. This is what I saw while coloring in this book and testing the paper with my coloring medium. I will list, in the comments section below, the coloring medium I use for testing and for coloring.³¹ Cute, Imaginative and Detailed Fox Designs by Marjorie Sarnat The designs are printed one side of the page. Paper is the usual Creative Haven quality: white, medium weight, slightly smooth and has perforated pages. Glue Binding but with perforated pages so removing a page is fairly simple. The designs stop well before the perforations. Alcohol-based markers bleed through this paper. Water-based markers bleed through in spots and show colorful shadows on the back of the page. Gel pens and India ink pens leave shadows of color on the back of the page. India ink pens can bleed through when I apply more than one layer of ink. Coloring pencils work well with this paper. I was able to get good color, layer the same color and multiple colors and blend easily using a pencil style blender. I tested both oil and wax-based pencils with similar results. Hard lead pencils, like Verithins, leave dents on the back of the page. I suggest either removing pages from the book to color or using a blotter page under your working page. I like card stock as it keeps ink from seeping through and damaging the pages below.

Love all of Marjorie Sarnat books the foxes are the cutest. Love that she has so many books to pick from. All full of imagination & whimsy.

Love this book as much as the rest I got beautiful pictures and they are so cute too one sided too so I think any kind of item you use to color with will work on these enjoy your book .

I have a friend that has the last name Fox. And yes she likes foxes. This book is perfect for our friend anniversary! I may have to get me one!!!

I love that it is printed on one side and the art work is fabulous. The paper it is printed on is of good quality. Highly recommend this book to all colorist that love to color foxes.

I love Marjorie Sarnat. I love foxes. What a wonderful pair. I hope to collect all of Marjorie's books. Great relaxing book for all ages and coloring levels.
