Customer Reviews

My sister loves these devotionals (so did I when I was younger), so I got Want More? Love for her last Christmas, and I purchased this one for her for this Christmas. The devotionals themselves are great. Very relevant topics, the writers they choose for this series are all great, and the questions throughout help you process and apply the information. My specific copy came in the mail very quickly, which I was happy about. The only reason it's a 4 instead of a 5 is because the book I received was a little mangled. The spine didn't lay straight, and the bottom corner was a little messed up. Since it was a gift, this was a little upsetting, but otherwise it was great.

I have this and the other want more devotions and they are all good. More for teens but thats ok.

I really liked this book. The stories were entertaining, and I love the journal space they give you at the end of each story so you can write a prayer to God or whatever! Devotionals are a good way to spend time with the Lord 'cause they are easy to understand and when there are stories you remember them and what they have to do about life. If you get Brio and have enjoyed her written devotionals, you'll like this book. Even if you haven't, I recommend you give it a try!

30 devotionals from the young, talented Natlie Lloyd. I can relate to Natalie so much and I love the journal space. There's also questions to get you thinking and verses to look up in the Bible. The devotionals are all great and I recommend girls 12 & up to buy this book today!

This book is great for teens who are trying to learn how God fits in their lives.
